ANNEXURE A TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE
FINANCIAL STATEMENTS OF ARVIND PD COMPOSITES PRIVATE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of
Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Arvind PD
Composites Private Limited ("the Company") as of March 31, 2016 in conjunction with our
audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal
financial controls based on “the internal control over financial reporting criteria established
by the Company considering the essential components of internal control stated in the
Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by
the Institute of Chartered Accountants of India (ICAI)”. These responsibilities include the
design, implementation and maintenance of adequate internal financial controls that were
operating effectively for ensuring the orderly and efficient conduct of its business,
including adherence to company’s policies, the safeguarding of its assets, the prevention
and detection of frauds and errors, the accuracy and completeness of the accounting
records, and the timely preparation of reliable financial information, as required under the
Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls
over financial reporting based on our audit. We conducted our audit in accordance with the
Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the
“Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be
prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to
an audit of internal financial controls, both applicable to an audit of Internal Financial
Controls and, both issued by the Institute of Chartered Accountants of India. Those
Standards and the Guidance Note require that we comply with ethical requirements and
plan and perform the audit to obtain reasonable assurance about whether adequate
internal financial controls over financial reporting was established and maintained and if
such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of
the internal financial controls system over financial reporting and their operating
effectiveness. Our audit of internal financial controls over financial reporting included
obtaining an understanding of internal financial controls over financial reporting, assessing
the risk that a material weakness exists, and testing and evaluating the design and
operating effectiveness of internal control based on the assessed risk. The procedures
selected depend on the auditor’s judgement, including the assessment of the risks of
material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to
provide a basis for our audit opinion on the Company’s internal financial controls system
over financial reporting.
Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

2. SIGNIFICANT ACCOUNTING POLICIES

(A) BASIS OF PREPARATION OF FINANCIAL STATEMENTS

These financial statements have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP) under the historical cost convention on accrual basis. Indian GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 and the provisions of the Act (to the extent notified). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current – noncurrent classification of assets and liabilities.

(B) USE OF ESTIMATES

The preparation of Financial Statements in conformity with Indian GAAP requires the management to make estimates and assumptions in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expenses during the reporting period. Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates. Difference between the actual results and estimates are recognized in the period in which the results are known or materialize.

(C) INFLATION

Assets and liabilities are recorded at historical cost to the Company. These costs are not adjusted to reflect the changing value in the purchasing power of money.

(D) REVENUE RECOGNITION

Sales and operating income includes sale of products and waste. Sales are recognized based on passage of title to goods which generally coincides with dispatch. Revenue from export sales are recognized on shipment basis. Sales are stated net of returns, excise duty & Sales Tax/VAT.
