

DOCTOR DENIM | Arvind FASHIONING POSSIBILITIES
DESIGNED IN 日本

Arvind has partnered with Doctor Denim, a leader in Japanese denim, to create a groundbreaking collection that blends tradition, innovation, and sustainability. This collaboration fuses authentic Japanese craftsmanship with modern technologies, offering a unique range of denim that is both timeless and forward-thinking.

Innovative Design and Sustainability

“DENIM WITH PURPOSE”

The collection features **rich slubs, dynamic weaves, and innovative shades**, creating denim with depth and texture. Crafted from **Loomstate Selvedge Denim, bio-indigo, and organic cotton**, the fabric are luxurious yet environmentally conscious. Offering both **shrink-to-fit and pre-shrunk** options, the collection caters to various preferences in fit and style.

KOBE-PSK-EARTH

Bold Aesthetics and New Fabric Dimensions

Challenging traditional designs, the collection introduces **crunchy textures and striking surface treatments** that add a fresh dimension to denim, creating exciting **new possibilities** for silhouette and **fabric evolution**.

GIFU- BRAVE

KYOTO - PSK STRETCH

Vibrant, Nature Inspired Hues

The collection’s **color palette** draws inspiration from **nature**, ranging from **earthy tones** to **vibrant hues**, breathing life into classic denim.

“DENIM WITH VIBRANT COLORS”

NARA-PSK-BLACK

The Future of Denim

The **Doctor Denim | Arvind** collaboration sets new industry standards, combining **sustainability, innovation**, and style to shape the **future of denim**. This collection represents a new chapter in the evolution of fashion.
